BIOGRAPHY

DJ Shannyn Hill (she/her) is a versatile, open format DJ hailing from Mississauga, Ontario, Canada. Her deep love for music is heavily influenced by her father who would always play 60s and 70s reggae, soul and disco music. Her style and experience spans from shaking club walls, to corporate events, to commanding stages with artists.

Her motto “Enjoy The Vibes” reflects her mission to create uplifting experiences through music. Known for moving crowds with her dynamic old school HipHop, R&B, and Caribbean fusion sets, she is the visionary behind the immersive 90s & 2000s themed event series, The Rewind Party.

From “bedroom DJ” to captivating thousands at festivals, stadiums, and arenas, DJ Shannyn Hill's early career is marked by significant milestones, including her historic role as the DJ of the first-ever WNBA Game in Canada in May 2023. In 2022, she performed with Toronto artist Tara Lord at Toronto’s first Rolling Loud Music Festival.

Shannyn graduated from The Remix Project in December of 2022, where she spent 9 months devotedly developing and elevating her DJ skills and industry knowledge. She plans to continue building her name in the entertainment scene and spread light and good vibes to people around the world, while staying true to herself.
